

# Innovation Leadership = Transformation For The Sake Of Better Innovation Outcomes

## IL — Individual Road Map

1. Individual diagnostic (e.g., profile assessment)
2. Case for change — personal situation and objectives
3. Prioritized road map (e.g., lifestyle regimen, practice, enablers)
4. Sustainable coaching application framework (e.g., new habit creation and structural, relational, procedural change as prescribed to achieve outcomes)
5. Measure progress, triage, course correct

## COI — Organizational Road Map

1. Culture diagnostic (e.g., quantitative, qualitative across the organization)
2. Case for change — organizational situation and objectives
3. Prioritized road map — leadership alignment (e.g., lifestyle regimen, practice, enablers)
4. Sustainable ongoing interventions (e.g., new habit creation and structural, relational, procedural change as prescribed to achieve outcomes)
5. Measure progress, triage, course correct
