1	WISER'S DE LUXE 1000 ml	Whiskey	22.10 oz	18.00 oz

The Variance report allows management to accurately compare what is poured at a bar in ounces versus what is actually registered. The variance report will calculate a beverage cost for the period and an accuracy evaluation of your bar staff. The Scannabar Variance analysis can be used with a stand alone POS system or interfaced to most major POS systems.

A variance analysis can be created for individual bars or globally for all bars consolidated together and for any period determined by management.
