**MEDICAL ADVANCED PAIN SPECIALISTS' DR. SCHULTZ  
NAMED A TOP DOCTOR**

**Minneapolis, Minnesota** – David Schultz, MD, founder and physician at Medical Advanced Pain Specialists (MAPS), has been named a 2014 Top Doctor by *Mpls. St. Paul Magazine*. The annual [Top Doctor directory](#) recognizes the best physicians by specialty in the Twin Cities area. The distinction, which is based on peer reviews and recommendations, honors physicians in 42 specialties.

“I am very humbled to receive this honor,” said Dr. Schultz. “I’m thankful to be recognized by my peers and the community for offering exceptional patient care and quality services to my patients.”

Dr. Schultz has made the prestigious list every year since 2006.

“Medical Advanced Pain Specialists takes pride in offering outstanding services and patient care, and this accolade validates our efforts,” said MAPS CEO Marsha Thiel. “We are committed to serving our community and patients and an award like this demonstrates that we are meeting and exceeding expectations.”

Medical Advanced Pain Specialists (MAPS) is a team of specialized health care professionals whose purpose is to relieve pain and improve function in patients with persistent pain. Offering patients physical therapy, behavioral health and interventional pain management services, MAPS has eight locations across the Twin Cities. You can find MAPS online at [painphysicians.com](http://painphysicians.com) and on [Facebook](#), [Twitter](#) and [Pinterest](#).
