New Documentation Structure

Our Documentation Portal

The screenshot shows a web browser displaying the MediationZone Documentation 6.3 page. The browser's address bar shows the URL confluence.digitalroute.com/display/MD/MediationZone+Documentation+6.3. The page features a purple header with navigation links for 'DigitaRoute', 'Spaces', 'People', and 'Create'. A search bar is located in the top right. The main content area is titled 'MediationZone Documentation 6.3' and includes a 'Welcome to the documentation site for MediationZone!' message. Below this, there are two columns of links: 'What's new in 6.3' and 'APL Reference Guide'. The 'What's new in 6.3' section is expanded to show a list of new features and improvements, including Configuration Handling, Workflow Bridge, Performance, Connectivity, Security, Documentation, Infrastructure, and Other Improvements. There are also links for 'New Sales Packages' and 'New Functionality in Service Packs'. At the bottom of the page, there are sections for 'Release Notes PDF', 'Installation PDF', and 'User Guides'.
