CheckMate 10 Now Shipping

CheckMate 10 is now shipping to all customers with a current ASP. If you have not yet received your DVD, please email sales@origin.com or call 800.269.2509.

You will find installation notes on the DVD for Mechanical Desktop 2006 standalone, Mechanical Desktop 2006 network version and CheckMate 10, please print out before installing.

From the main menu of the CheckMate DVD select Installation Instructions and then Install CheckMate Workstation. You will find complete installation notes for Mechanical Desktop 2006 standalone, Mechanical Desktop 2006 network version and CheckMate 10.

Origin Webinar Session Scheduled
October 26, 2006

Dimensional Planner Basics

Be sure to set Thursday, October 26 at 11:00am aside for the October Webinar session.

The Dimensional Planner Basics Webinar session will take you through inserting a part into Dimensional Planner, setting up some basic defaults, programming, creating reports and exporting the reports. The Webinar session will get you familiar with the interface of Dimension Planner and the basic procedures needed from start to finish.

Registration for this Webinar is free to all customers with a current annual support plan with Origin International. Watch for further information on registering for this Webinar session.

Origin Webinar Session
Overview Of Tolerance Labels – Programming/Reporting

CheckMate 10 has added a lot of new functionality in the use of Tolerance Labels (t-labs). What are t-labs? How do we use them in the environments of "programming" and/or "reporting"?

A webinar session is scheduled for Thursday, September 28, 2006 at 11:00am EST to cover all the functionalities in the use of Tolerance Labels.

Registration for this Webinar is free to all customers with a current annual support plan with Origin International.

Select the following link to register for this Webinar. You will receive a confirmation along with information on how to join.

Register for Origin's Webinar Session on Thursday, September 28th at 11:00 am by selecting the following link.

Origin Webinar Sessions Scheduled
November 14, 2006

Dimensional Planner Advanced

Be sure to set Tuesday, November 14th at 11:00am aside for the 1st or two Webinar sessions scheduled for November.

The Dimensional Planner Advance Webinar session will cover some of the more advanced features. Detailed information on defining stakeholders, datum references and publishing will be some of the main topics for this session.

Registration for this Webinar is free to all customers with a current annual support plan with Origin International. Watch for further information on registering for this Webinar session.

Origin Webinar Session Scheduled **November 30, 2006**	**CheckMate Training Class**

CheckMate 10 Advanced Enhancements

The Thursday, November 30, 2006 Webinar session will cover some advance enhancements in CheckMate 10. You will want to set this date aside so you can see some advanced tips and techniques that are not obvious without some instructions.

Registration for this Webinar is free to all customers with a current annual support plan with Origin International. Watch for further information on registering for this Webinar session.

Origin Webinar Session Scheduled
December 14, 2006

Creating Labels

The Thursday, December 14, 2006 Webinar session will cover creating labels. There have been many label enhancements added to CheckMate 10, so be sure to attend this Webinar session so you are not stuck with the old way of doing things and not taking advantage of all the new options.

Registration for this Webinar is free to all customers with a current annual support plan with Origin International. Watch for further information on registering for this Webinar session.

There are still openings in the October standard training class in Markham, ON to be held October 16th – October 20th. If you plan on attending the standard CheckMate training class, please call 800.269.2509 as soon as possible to get signed up. Class sizes are limited to provide more personalized training and attention to students to meet their requirements.

This is the perfect time to get into a training class with CheckMate 10 just being released. Following are the November and December standard training dates in Markham, ON if you cannot make the October training class. This will give you time to go through tutorials so you are prepared for the class.

November 6th – 10th

December 4th – 8th
