IMPORTANT CheckMate/MDT2008 & MDT2009 INFORMATION

Regarding your Autodesk Mechanical Desktop 2008 or 2009 license that is used with CheckMate Software.

Dear Customer:

Effective February 1, 2014, you will deal direct with Autodesk for any Mechanical Desktop 2008 or 2009 reactivations.

If any of the following apply to you.

1. UPGRADING COMPUTER: If you have a Standalone license, you can export that license from an old computer to a new computer using the Portable License Utility (contact Origin International support at support@originintl.com).
2. COMPUTER CRASHES: If your computer crashes, you will need to contact Autodesk directly.
3. SERVER UPGRADE OR CRASHES: If you own a Network license, and you get a new server or your server crashes, you will need to contact Autodesk directly to get a new license file (.lic)
 - You will need to complete an "Additional Software License Authorization" form for Autodesk. (contact Origin International support at support@originintl.com) as this is an older version of software.
 - For the reactivation of Autodesk Mechanical Desktop 2008 or 2009, you can go through regular activation. Please provide the serial number. **Important to not upgrade to any other release.**
 - Register and Activation walk through : <http://usa.autodesk.com/adsk/servlet/ps/dl/item?siteID=123112&id=17971157&linkID=9240617>
 - Registration and Activation site: <https://registeronce.autodesk.com/>
 - Also, on the register once website there is a radio button that says "Ask". You can use this for more additional questions on a specific topic.

*Note: Autodesk preferred method of communication is through their website. **ALLOW EXTRA TIME FOR THE RE-ACTIVATION PROCESS***
