Dear David,

Thanks for presenting such a lively and memorable presentation at our meeting. You are one of the most enthusiastic and encouraging speakers we've ever had. You gave our audience tangible and actionable ideas and you also gave them the inspiration to *do something* about them!

I've now seen you speak in both association and organizational contexts and your level of professionalism and customization in your presentations is just incredible. Thanks for making me look good whenever and wherever I hire you to speak!

You are your own best "commercial" since you clearly believe in what you teach with a true passion. You shared big ideas and your handout for the session was packed with more useful information and resources than many full-length books!!

Thanks again for "delivering the goods." We're all looking forward to having you back in the fall on the date we've already booked with you!

Sincerely,

Alexis Skoufalos,
