### Rehabilitation and Therapy

Treemont Health Center will help you attain your best quality of life. We provide comprehensive Occupational, Physical, and Speech Therapy.

Our dedicated team of therapists create individualized treatments that target imbalances, weaknesses, postural deficits, safety awareness, swallowing problems and cognitive impairments - all of which are necessary to achieve activities of daily living.

Our doctors and therapists work closely to design specialized programs to give you the opportunity to learn new ways to safely perform everyday tasks and regain strength and movement.

### Assisted Living

Isn't it comforting to know that you can be in good company, in good care, be independent, and have a little helping hand when you need it?

With Treemont Assisted Living, we focus on wellness and keeping you as independent as possible. We work with you and your family to create a personalized assistance plan so you know that you will receive just the right amount of care for your needs.

You will enjoy all the comforts of your own space, and do as much for yourself as you are able. We provide the extra help you may need with your daily activities, including bathing, dressing and medication reminders.

### Skilled Nursing

Treemont Health Care Center is a Medicare-Certified nursing facility providing skilled nursing and rehabilitation services. Our post-acute care includes IV therapy, wound care management, orthopedic care for functional disabilities as well as long and short-term illnesses.

Our interdisciplinary approach to care includes medical professionals who specialize in geriatric medicine and includes Physicians, Physical and Occupational Therapists, a Licensed Speech Pathologist, a Licensed and Registered Dietician, Licensed Social Worker, Certified Activities Director and Registered Nurses, Licensed Vocational Nurses and Certified Nursing Assistants.

Our team will assess your condition and work with you and your family to design a care program based on your specific needs to allow the quality of life you deserve.

### Palliative Care

Treemont Health Care Center embraces a palliative care philosophy that ensures the right to dignity, respect and comfort during the final phase of our resident's lives. With an emphasis on caring, we provide symptom management combined with emotional and spiritual support. We also have Hospice consultation available if our residents so choose.

Together, we make it possible for our residents to have high-quality, comforting end-of-life care while remaining at Treemont.
