Tiffany Kautsky – RPV MicroTile Mount Specialist

Anaheim, Calif. May, 2012 – RPV (rp Visual Solutions) is proud to announce Tiffany Kautsky has added the Christie MicroTile (CMT) mount to her product specialties. Tiffany has been with RPV, manufacturer of innovative mounting solutions, as Product Specialist for three and half years focusing on single panel mounts. She is second generation AV and started with RPV after graduating from California State University, Fullerton, in 2008, with her BA in Communications. Tiffany provides pricing and design to RPV's customers: AV Integrators, Consultants, and Creators.

rp Visual Solutions is proud to have these CMT Mounting accomplishments in our portfolio:

- The LARGEST single installation (1,190 tiles) at NYPD by SMW and AVI-SPL (w/15 degree tilt)
- The HIGHEST (15 high) at NKU by Acentech, Inc., and Diversified Systems, Inc.
- The BIGGEST curved array (40 wide) at PUC Lobby by Obscura Digital
- The First STAGGERED on "Z" array @ Shaw by Applied Electronics, LTD in Canada

Randy Pagnan, President of RPV, states, "We have mounted over 5,000 mounts for the MicroTile, configured in a host of mounting solutions including pedestal, stand, and ceiling mounted for landscape or portrait orientation in either curved and straight arrays. Tiffany has developed many strong industry relationships over the years, as well as enhanced her MicroTile knowledge by attending Christie's CMT training, allowing her to supply valuable assistance to RPV's customers, providing thorough knowledge of MicroTiles and their mounting options."

RPV is pleased to be the CMT mount of choice for Christie's own facilities in both Cypress and Kitchener and NAB and InfoComm booths. When seams matter--RPV is the mount of choice.
