At Caring Senior Service we know that it's the method in which service is delivered that makes all the difference. Based on over 25 years of experience we've developed a unique way of delivering service call the GreatCare® Method. Our GreatCare® Method focuses on hiring **Quality Caregivers**, providing the right **Care Solutions**, and maintaining **Active Involvement**. By focusing on these three areas we set the standard in delivering quality care. Setting the standard also means we are first in senior care technology. We offer our clients technology that simplifies care. Our Tendio software platform empowers seniors by keeping them connected with family, their care team, and healthcare professionals with just the touch of a screen. By combining first in class technology with our GreatCare® Method we make a true difference in the lives of the seniors we serve.

## Quality Caregivers

Great Service can only be delivered by qualified, experienced staff. We have the highest quality caregivers because of our:

- Skill and Experience Requirements
- Verified and Qualified References
- Refined Interview Process
- National Background Check
- Ongoing Training Program

## Care Solutions

We deliver care solutions that are individualized based on each of our client's unique circumstances. Our care solutions included:
