PRIVILEGING
COMPREHENSIVE AND DYNAMIC PRIVILEGING LIBRARY

Privileging providers is crucial to your healthcare compliance program, but it's a complex and time–consuming process.

With **Provider Privileging** from symplr, you never have to research a privilege again! Our team of expert researchers continually consult with industry experts and organizations (ACGME, AOA, ABMS, renowned teaching institutions, medical societies, FDA etc.), to deliver a robust, dynamic privileging library at your fingertips. Don't spend another minute researching privileges — there's a symplr solution!
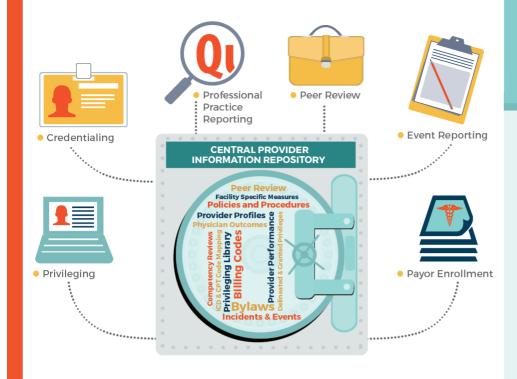

CHECK OUT THESE BENEFITS:

■ **Save time** — Save valuable hours on research. Our dynamic privileging library is continually updated to give you the most current information.

■ **On-demand data access** — Our turnkey privileging solution puts the most current information at your fingertips. We'll help fast track the process of defining provider privileges to get you up and running quickly.

■ **ICD-10 configured** — In addition to CPT and ICD-9, procedures are mapped to ICD-10 codes and are tied directly to individual privileges, using our exclusive, patent-pending technology.

■ **Granted privilege lookup** — Facility staff have real-time, view-only access to provider's granted privileges.

> "I cannot imagine attempting core privileging without this system!"
