Upper Extremity Surgical and Non-Surgical Treatment and Rehabilitation

*An Orthopedic Seminar for
Physical Rehabilitation Specialists*

Saturday, October 1, 2011
8:00 AM - 3:30 PM

Eugene Smith Library
(The Johnson Community Room)
Eastern CT State University
83 Windham Street
Willimantic, CT 06226

Presented by

Course Description

This program will assist physical therapists, occupational therapists and athletic trainers when caring for patients with injuries involving the upper extremity.

As a result of this educational activity, participants will be able to:

Objectives:

1. Describe upper extremity anatomy and common pathologies.
2. Perform a shoulder examination.
3. Describe non-surgical and surgical treatments of the upper extremity.
4. Describe evidence based physical rehabilitation protocols for the upper extremity.

Certificate of Attendance -

Participants will receive a certificate of attendance for **5** hours.

BOC Approved Provider Number P2294
