DYMO Industrial Labeling Full-Line Catalog

Time is money. Save more of both.

Leave **any job** looking better than you found it.

Designed based on input from professional installers, DYMO® industrial labelers and labels are tough, affordable and long-lasting. They're loaded with convenient features that speed up your productivity – and help you save time and money every day.

The Rhino™ Product Line-up:

Rhino™ M1011

Rhino™ 4200

Rhino™ 5200

Rhino™ 6000

Thermal transfer printing means labels won't smudge, smear or fade. Choose up to a one-inch label width in a broad assortment of materials and colors that meet OSHA, ANSI, and ISO standards.

All DYMO Industrial labels are distributed from an easy-to-load cartridge, and with a split-back design, peeling and applying is quick and easy.

DYMO Industrial Labels

DYMO Industrial Labels are available in:

- Flexible Nylon
- Permanent Polyester
- Indoor/Outdoor Vinyl
- Heat-Shrink Tube
- Non-Adhesive Tag
- Self-Laminating

Complete your work with pride and professionalism.

No matter what industry you work in, DYMO® Industrial products give your installation work a clean, professional look that enhances your reputation. Our label printers and labels make it easier than ever to get results that meet industry standards – as well as yours. All our products stand up to the toughest conditions your industry can dish out.

One-touch "Hot Keys" – a DYMO exclusive – save you time.

Wire & Cable Wraps

Advanced wrap function automatically selects the right label and text size, based on the wire guage, cable diameter or cable type.

Panels & Blocks

Instantly format and serialize labels for patch panels, terminal blocks and modular components.

Flags

Create perfectly spaced flag labels allowing visibility from any angle.

Fixed-Length & Vertical

Fixed-length key automatically centers and prints fixed-length labels to your requirements. With the press of a button, align text vertically for easy-to-read labels.

Electrical Features

Pre-formatted for creating electrical panel, breaker, and module labels.

Symbols & Terms Library

Provides fast access to common datacom, electrical, pro AV, security and safety symbols; including: ohms, earth, phone, data and fax. Select and print 150+ industry terms from a built-in library.

Exclusive, one-touch "HOT KEYS"

Shortcut keys for creating and formatting wire and cable wraps, flags and barcodes, patch panel, electrical panel, terminal and 110 block, vertical and fixed-length labels.

Rhino™ 6000

Advanced Labeling Tool with PC Connectivity

Feature-packed industrial labeler with PC connection.

Bring the tough, portable Rhino 6000 to any jobsite – it's packed with time-saving shortcuts for labeling any installation quickly and professionally. Connect it to your PC, and use RHINO CONNECT™ software to create labels on your computer, and download them to your labeling tool for even faster labeling on site. Works with 32- and 64-bit Windows® XP, Windows Vista® and Windows® 7.

DYMO Rhino 6000 features:

- 1 **Connects to PC via USB cable.** Use RHINO CONNECT™ software to create labels on your PC and download them to the labeler for printing on site
- 2 **Meets all ANSI and TIA/EIA-606-B** industry labeling standards
- 3 **Exclusive, one-touch “Hot Keys”** provide shortcuts to size, shape and format label text for electrical and patch panels, terminal and 110 blocks, wire and cable flags, horizontal and vertical wraps, vertical and fixed-length applications including 5 line print capability
- 4 **Prints 6 different barcode types** including Code 39 and Code 128
- 5 **Powerful serialization**—Built-in wizards for simple and advanced serialization
- 6 **Symbol library** with more than 250 pre-programmed industry symbols, terms, fractions and punctuation marks
- 7 **Last-label memory** and storage for up to 1000 of the labels you use most

Included

Up to

Item No: 1734519

RHINO 6000 SINGLE UNIT

Box includes:

- Rhino 6000 printer
- 1" black on white vinyl tape
- Rechargeable lithium-ion battery
- AC adapter
- Quick Reference Guide
- Registration card

Rhino 6000 Hard Case Kit

The ultimate in portable, professional labeling.

The Rhino 6000 Hard Case Kit offers leading technology in an all-in-one package. Included RHINO CONNECT™ Software offers the ultimate versatility to plan installations ahead of time and implement directly at the worksite.

Item No: 1734520

RHINO 6000 HARD CASE KIT

Kit includes the Rhino 6000 printer, PLUS:

- Rhino CONNECT™ Software*
- Durable hard carry case
- 3/4" black on white vinyl tape
- 3/8" black on white vinyl tape
- Rechargeable lithium-ion battery
- AC adapter and USB cable
- Quick Reference Guide
- Registration card

* Software only in the Hard Case Kit

Outperforms industrial labelers costing twice as much.

Label up to 77% faster with the portable, affordable DYMO Rhino 5200.* Press one "Hot Key" to format text into perfect patch panel labels; press another to print matching cable flags or face plate tags, without retyping! It's just as easy to print cable wraps, terminal/110 block labels, barcodes & more.

DYMO Rhino 5200 features:

- 1 Meets all ANSI and TIA/EIA-606-B industry labeling standards
- 2 Exclusive one-touch "Hot Keys" automatically size, space and format label text for electrical and patch panels, terminal and 110 blocks, wire and cable flags, wire and cable wraps, vertical and fixed-length applications
- 3 Prints Code 39 and Code 128 barcodes on 3/4"-wide labels – ideal for asset management
- 4 Uses DYMO Industrial labels with chemical-, heat- and UV-resistant materials; also prints directly on heat-shrink tubes and non-adhesive labels
- 5 Large 14-character, two-line backlit display
- 6 100-label memory for storing commonly used labels

*Based on the independent testing of the DYMO Rhino 5200 vs. the Panduit LS8, Brady BMP21, Brother PT1650 measured in the number of key strokes when making a patch panel, all associated wire labels and face plate labels.

- AC adapter
- Quick Reference Guide
- User Manual on CD-rom

Facility, Security, and Pro AV

Rhino™ 4200

All-Purpose Labeling Tool with QWERTY Keyboard

Compact, time-saving labeling for on-the-go pros.

Print labels 57% faster than the competition with the DYMO Rhino 4200.* Easily navigate the familiar QWERTY keyboard. Use one-touch "Hot Key" shortcuts to quickly create and format wire/cable wraps, flags, Code 39 and Code 128 barcodes, fixed-length labels and more. Print labels up to 3/4" wide in a variety of materials and colors - PLUS print directly on heat-shrink tubes.

DYMO Rhino 4200 features:

- 1 **Easy to navigate computer-style QWERTY keyboard**
Quick and comfortable text entry
- 2 **One-Touch "Hot Keys" – a DYMO exclusive**
Use up to 45.5% fewer keystrokes to create a label than the competition**
- 3 **Industrial-strength labeling versatility**
Print 1/4", 3/8", 1/2" and 3/4" wide labels in a variety of materials and colors – PLUS print directly on heat-shrink tubes
- 4 **NEW "Favorites" key**
Single-key access to your most commonly used labels, symbols and terms
- 5 **NEW "Custom" key prevents needless repetition**
Customize and save settings for individual label formats

* Based on independent testing of Rhino 4200 vs. Brother PT-1400 and Brother PT-7100 in default settings

**Based on independent testing of Rhino 4200 vs. Brother PT-1400 and Brother PT-7100 for wire/cable wrap and flag labels

Industrial Embosser

Rhino™ M1011

Metal Embossing Tool

Innovation that began over 40 years ago and continues today.

The Rhino™ M1011 embosses 1/2" stainless steel and aluminum labels – with or without adhesive – that resist corrosion due to extreme weather, temperature, chemical, and UV exposure. This tough, durable embosser features an easy-to-use label cutting handle (cuts rounded edges), hole and cable tie punches, a trailing edge measuring gauge, and much more.

DYMO Rhino M1011 features:

- 1 **Uses 1/2" Stainless Steel & Aluminum labels**
- 2 **Built-in hole punch** for creating hanging, screw-on or nail-on labels
- 3 **Built-in cable tie slot punch** for cable marking
- 4 **Built-in measuring gauge** – accurately set length of leading and trailing label edge
- 5 **Easy-to-use cutting handle** makes cutting stainless steel labels effortless – Cuts slightly rounded edges
- 6 **Print standard or reverse script labels** – both character wheels included

1/2"
12 mm

Item No: **1011-05**

RHINO M1011 KIT

Box includes:

- Rhino M1011 Metal Tape Embosser
- Horizontal .188" Character Wheel
- Reverse Image Wheel
- 1/2" x 16' Non-Adhesive Aluminum Tape
- 1/2" x 21' Non-Adhesive Stainless Steel Tape
- Hard Carry Case

Rhino M1011 Embossing Labels

For heavy-duty, extreme-condition labeling.

Aluminum and stainless steel labels have excellent resistance to chemicals, extreme weather conditions, high and low temperatures and abrasion. Ideal for marking pipelines, underground cables, engine parts, building materials and much more.

Metal Labels (Box of 10 Rolls)			1/2" (12mm)
Part #	Description	Length	Color
310-00	Non-Adhesive Aluminum 1/2" (12mm)	16' (4,80m)	Aluminium
325-00	Non-Adhesive Stainless Steel 1/2" (12mm)	21' (6,40m)	Stainless
358-00	Adhesive Aluminum 1/2" (12mm)	12' (3,65m)	Aluminium

The right label for virtually every situation and surface.

Indoor/Outdoor Vinyl

For general labeling or extreme conditions. Vinyl labels offer moisture, chemical and UV resistance, making them ideal for labeling both indoors and outdoors. Available in the widest range of colors that adhere to OSHA, ANSI and ISO color standards.

UL recognized as a component to UL 969

Flexible Nylon

For labeling wires, cables and rounded surfaces. Flexible Nylon labels conform and stick tightly to wires, cables, curved and textured surfaces. Tear-proof material resists damage when pulled through tight spaces or conduits.

UL recognized as a component to UL 969

Permanent Polyester

For labeling panels, blocks, faceplates, shelves, bins, beams and more. Permanent Polyester labels have a polished finish that leaves your work looking professional. Available in smaller widths that fit most patch panels, blocks and other distribution panels.

UL recognized as a component to UL 969

Heat-Shrink Tube

For high-end cable identification. A 3:1 shrink ratio helps ensure a secure fit on wires and cables. Print directly on Heat-Shrink Tubes with any DYMO Industrial labeling tool.

Meets MIL-M-81531, MIL-STD-202G, SAE-DTL- 23053/5 (Class 1 & 3)
UL recognized as a component to UL 224

Non-Adhesive Tag

For sliding into racks or faceplates that do not require adhesive. Made from polyester for increased durability.

Self-Laminating

Self-Laminating labels protect your printed area from exposure to oil, solvents, water and abrasion when applied to wires and cables.

All DYMO Industrial labels are RoHS compliant.

For technical specifications on all DYMO Industrial label types, please visit our website at:

Labels that stick and stay stuck. DYMO Industrial labels are tough— jobsite tested and UL recognized. Labels won't smear or fade and are built with industrial-strength adhesives to resist moisture, UV light and extreme temperatures. Whether you are labeling to OSHA, ISO and ANSI color standards or labeling in harsh conditions, DYMO Industrial labels have you covered. DYMO Industrial labels are designed to work exclusively with Rhino™ printers and to perform on a variety of surfaces.
