

Debenham Media Console

This incredibly beautiful media console comes equipped with smoked glass doors, ample storage space and room to support a 60" flat panel TV. The optional smoked glass panel behind the realistic flame effect of our Dimplex patented Opti-myst technology enhances the smoke and mist of the Opti-myst flame. With or without heat the beauty of the Opti-myst flame can be appreciated from anywhere in the room. The simple lines of this media console appeal to consumers who appreciate timeless design.

Revolutionary ultrasonic technology is used to create the flame and smoke effect of the Dimplex Opti-myst. As the mist rises up through the rocks, the light reflects against the water molecules creating a convincing illusion of flames and smoke. The result is an appearance so authentic it will be mistaken for a real fire.

120 Volts / 1,200 Watts / 4,095 BTU
