

Henderson Media Console

Also available in glass:
GDS25G-1414HC

GDS25L-1414HC

Features

Multi-Fire XD™

The dazzling Multi-Fire XD™ can accurately reproduce a natural wood-burning fire, gas fireplace or a range of ambient light themes that range from moody and hypnotic, to pulsing and vibrant.

Media Bed Options

Choose from Realogs™, molded from meticulously selected firewood, charred and positioned against the back mirror, maximizing the illusion of depth and authentic burning firewood, or chunks of acrylic ice nested on an ember bed of tumbled glass pieces, giving an alluring and shimmering effect.

gWave™

The exclusive gWave™ feature brings the fireplace to life with the wave of a hand; customize the settings then simply wave it on and off.

Floating Display™

Floating on-screen LED display allows you to view temperature settings and functions easily.

Multi-function Remote

Control 100% of the fireplace features from the comfort of your chair.

ComfortSaver™

The patented ComfortSaver™ ceramic heating system uses 11% less energy than the leading quartz infrared heater by automatically adjusting fan speed and heater wattage to safely and precisely match the requirements of the room.

ECO mode

Reduce consumption by 33% with this energy saving setting; limits heat output to 750W for maximum efficiency and quieter operation.

Heat Boost

Quickly warms a room by delivering maximum heat output for a pre-determined amount of time.

Year-round Enjoyment

Enjoy the ambiance of the flame with or without the heater for year-round enjoyment.

Green

The green alternative. No harmful particulates or emissions and 100% efficient.

Safe

Front glass stays cool to the touch.

Instant Ambiance

Plugs into any standard household outlet.

Island-like, the lines of the Henderson have a natural ebb and flow, causing the highlights of the distressed deep cherry finish to curve around the convex doors, serpentine top and bottom, and large bun feet. Adorned with antique brass handles, the doors open up to reveal an adjustable shelf on each side for additional storage. This beauty of this console increases with the all new, dazzling Multi-Fire XD™ Electric Firebox including Realogs™, ComfortSaver™ heating system and gWave™ gesture recognition technology - the perfect addition to this already stunning piece.

120 Volts / 1,500 Watts / 5,118 BTU
