McClurg Remodeling & Construction Services June 2012 Newsletter

Good Morning!

Now is a good time to clean out the garage and basement and, perhaps, hold a garage sale. Most of us have a lot of "stuff" but lack good, functional **storage** in our homes.

Over the years, we've had many requests from customers for custom-built pantry, closet, garage and basement storage. ***In fact, interest has been so strong that we've decided to offer our own line of customized storage and organization systems.***

We're pleased to introduce "[Storage Solutions by McClurg](#)". Check us out online or call us to set up an appointment to discuss your storage needs. For ideas, download our FREE GUIDE "[Storage Solutions for Every Room](#)".

Project of the Month: Fayetteville Kitchen Remodel

The owners of this Fayetteville, NY home needed more storage space and an efficient design of their kitchen. Old cabinets with laminate countertops were replaced with white Jim Bishop cabinets, under-cabinet task lighting and granite countertops. Vinyl flooring was replaced with oak floors. New appliances include a commercial gas range and a built-in refrigerator. A Silgranit under-mounted sink with two-handle faucet was another upgrade.
