

Powering Performance... Company-wide

Exceptional Document Imaging Performance and Reliability

The TASKalfa 3500i powers your document imaging productivity with superior reliability and quality. Designed to handle the toughest daily demands, the TASKalfa 3500i is flexible enough to effortlessly combine black & white document imaging at 35 ppm day-in and day-out with advanced finishing options to ensure professional quality. With standard USB host interface, color scanning, and optional fax the TASKalfa 3500i delivers enhanced functionality when you need it most. And further optimize your MFP with powerful and scalable integrated business applications to help simplify your document workflow.

Kyocera's award-winning ultra-reliability and unique long-life technology ensure superior performance, proven productivity and maximum efficiency. When it comes to document imaging innovation and quality you can rely on, the TASKalfa 3500i delivers.

Enhanced Features Drive Exceptional Functionality

The TASKalfa 3500i is strong on features and configurations, offering the flexibility to scale your MFP to the specific needs of your enterprise. It's all about feature-rich design with a focus on value and exceptional color functionality.

Only From Kyocera

Kyocera Mita Corporation is a global leader in the digital imaging industry, with an award-winning line of TASKalfa multifunctional systems and ECOSYS laser printers, products that consistently set the standard for high performance, superior image quality, ease-of-use and durability. Along with a full complement of advanced business applications and networking solutions, Kyocera's robust product line supports your need for maximum productivity at minimal total cost.

Kyocera continually strives to raise the bar for excellence in both products and service for exceptional results you and your business can count on.

Keeping the Future Green

features, without compromising your productivity

- The ability to choose between an optional Reversing Automatic **Document Processor** or a **Dual Scan Document Processor** enables super fast scan speeds of up to 160 images per minute.
- •• Kyocera's long life technology and 'class leading' drum yields deliver extended preventive maintenance intervals and maximize device "uptime". This adds up to ultra-reliable operation and a low total cost of ownership.
- •• An integrated 10.2" Color Touch-screen Control Panel offers outstanding clarity and easy viewing. Intuitive prompts, on-board help guidance and accessibility display, make programming your jobs from the device quick and effortless.
- •• Standard connectivity features including standard Gigabit Ethernet, offer seamless integration within virtually any network environment or platform.
- •• A standard **USB Host Interface** provides convenient print-from or scan-to capabilities for today's 'on the go' workforce in XPS, PDF, JPEG and TIFF.
- •• The optional 1,000-sheet and 4,000-sheet finishers provide the professional touch your output deserves. Add the 7 bin mailbox and booklet/trifold unit to the 4,000-sheet finisher, and you can efficiently handle large production runs in-house, optimizing time and minimizing costs.
- •• An impressive toner yield of 35,000 pages allows you to run high quality print jobs in crisp black & white, maximizing productivity and minimizing interruption.
- •• Kyocera Command Center RX, the MFP's embedded web home page, gives you the remote access you need to check device status, establish system settings, or access stored Document Box files from your desktop.

The Power to Take Control of Everyday Tasks and Keep Information Moving

Information is your most important business asset, and you need a 'no holds barred' document imaging system to keep it flowing seamlessly. The TASKalfa 3500i raises the bar on core functionality with unparalleled efficiency:

- •• Crisp print and copy output capabilities power your communications via robust paper handling up to 12" x 18" and 110 lb cover, plus a remarkable 7,150 sheet paper capacity option for long print runs and minimal interruptions.
- •• Secure Document Box lets you keep frequently used documents close at hand for hassle free printing, secure file sharing and pin-based Private Print.
- •• Pre-program and store commonly used copy, scan and print settings at the control panel and the KX Driver to simplify your daily tasks.
- •• Optional Super G3, and LAN Fax capability add versatility while leveraging your investment in an MFP.

A Master at Multitasking

Your business is non-stop, and requires an MFP that can stay up to speed. The TASKalfa 3500i has the power you need to perform simultaneous document processing tasks. Its super fast 600MHz processing speed plus standard 1GB of RAM and 160 GB of Hard Disk Drive space support all-in-one productivity. Now you can produce a large print run, scan documents for electronic storage, have dual fax lines and utilize advanced finishing capabilities all in one high speed black & white MFP. The
