

PONDBUILDER™

Manufacturers of Quality Pond Equipment & Supplies

5359 N. Michigan Rd. Saginaw, MI 48604

www.pondbuilder.com

Welcome!

Thank you for requesting information on our educational resources for the brand **PONDBUILDER!**

If growing your business, engaging new and existing customers and keeping a knowledgeable staff capable of selling the **PONDBUILDER** brand is something you wish to include in this season's strategic plan- it sounds like a lot, but I am here to help. Using these 3 simple steps we will partner this season.

Step 1 Coordinate: We will work together to address past and future goals & achievements with the brand.

Step 2 Knowledge: We schedule the necessary time, make it important, and learn from each other's resources.

Step 3 Test: We assess together the degree of our success through the marketing, training, and product sales.

Something I enjoy is helping my customers achieve their vision for the brand within their business model. The best news, we do this together! The Educational Program is a great way to put action into place leading to better overall sales & profitability.

Call me to get started!
