# PRESS RELEASE

## Eagle Institute and UltimateAir® Collaborate

UltimateAir joined the Eagle Institute Strategic Alliance Team to promote and support the development of healthy, extraordinary energy efficient, green and sustainable building projects in Washington, Oregon and Northern California. The Eagle Institute will integrate UltimateAir's high performance energy recovery ventilators into their projects, as well as incorporating the unique technology and features of the RecoupAerator®, 200 DX ERV into their builder and installer ventilation training module.
