Dear Steve Way:

Thank you for installing the garage door replacement at my home at 303 Lawton, Mason, Michigan last week. I am very pleased with the work that was done, as it exceeded any expectations that I may have had. Your work was outstanding and the price for replacement was very reasonable. I also appreciated your recommendations for the garage door that was installed, as it has a great appearance in the neighborhood. I am sure that my neighbors are also happy. The job was professionally done and I would recommend your firm to anyone.

Enclosed please find the final payment on my account.

Very truly yours,

William H. Archer
