In this day and age, achieving a goal of 100% satisfaction upon completion of any major task, remodeling or otherwise, appears to be a lost art!

Yet there is always the exception !

Steve Way and those who worked with him on the remodeling project related to our home proved to be that exception.

The remodeling project began during the Spring of 2005 and to this day, we have been and still are 100% satisfied with the results.

Since the completion of the remodeling within our home, we have reminded Steve on many occasions, he has our permission to show the results of his work to anyone who is interested in observing TOP QUALITY WORK !!!

Sincerely,

Mr. & Mrs. J. N. Sherrard
