First Name: Mary

Last Name: Kennedy

Testimonial: We have used Steve Way Builders for many years and have always been please with their work. They have taken out ancient steel-case windows and installed new Pella windows, built shelves in a closet, re-arranged another closet, cut a new door into a wall, put new siding on the dormers and gables. Every project was well done. We always knew what would happen when, things were clear, and things were cleaned up at the end.
