

## EXPORTECH™

The *only* national program that helps individual companies develop an export plan.

### How Does ExporTech™ Work?

- Jointly offered nationwide by the National Institute of Standards and Technology's Manufacturing Extension Partnership program and the U.S. Export Assistance Centers of the U.S. Department of Commerce
- Amplifies the impact of other export programs, helping companies get the most out of tradeshows, Gold Key services, country visits and trade missions
- Group workshops are combined with an individual coach for each company, leading to an export plan in 9 weeks
- Execution driven, with a team of partners who make it easier to go-to-market and implement the plan
- Peer group model, limited to leaders from 6-8 companies, that maximizes impact and propels action

#### ExporTech™ Program Cost

\$5,000\* per company (for 2 executives per company)

#### Early Bird registration

\$3,500 per company (for 2 executives per company).

**\*Your ROI:** On average, California participating companies generate between \$500K and \$1M in new export sales after implementing the Export Plan they develop during the ExporTech™ program.

**SESSION 1**  
Export Strategy & Best Practices  
*Exploring Strategic Options*
