

The perfect solution for a classroom low on floor space!

Intelligent Charging System

Featuring a unique intelligent power management unit that uses power sensors and charging logic to quickly charge all notebooks in the fastest most efficient way possible from one standard power outlet (15A). Surge protected.

Remote Management Capabilities

Supports remote management functionality for all notebooks (WuOL) simplifying service and reducing cost.

Sliding Door

Small footprint, safe and efficient use of available classroom space.

Pull-out Trays and Cable Management

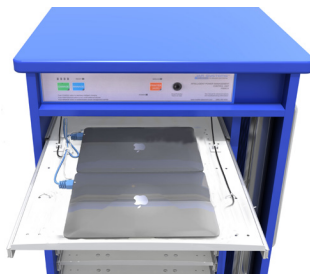

Service doors in the back allow for easy cable management and setup. The cart has individual pull-out trays with cable management clips.

Ease of Use/Investment Protection

Designed with students and teachers in mind. 5 year warranty and versatile enough to work with most devices for years to come. Ships assembled with caster protection and ready to use.
