

Economical Tablet Charging and Storage Solution

The Ultra-Light Tablet Cart charges and transports up to 30 tablet devices. The cart features adjustable shelves and dividers as well as a charging cable management system. It fits most tablet cases up to 1" in width with room for extra tablets or even a projector or access point. The service door in the back allows for easy access during setup. The cart ships assembled and ready to go right out of the box. See the MD-3065-SYNC for sync and charge capabilities. For cases up to 1.5" in width see the MD-3070.
