[Contact Cincol](#)

Your premier supplier of innovative solutions.

CINCOL, is located in the Cincinnati, Ohio area. Since the beginning we have focused on silicone materials which include silane coupling agents, silane crosslinkers, silane blocking agents, silicone rubber and silicone protective agents for construction. In addition a factory is in the works for production of specialty polymers. Ultrabeam is a registered trademark of Cincol.

Research and Development

R&D is essential to maintain our technology leadership and ensure future market success. We participate with our local universities to promote technology and stimulate continuous innovation. Specialty polymers are the focus of our research activities. Cincol Standard silanes are widely used as adhesion promoters/coupling agents between inorganic materials and organic polymers, crosslinkers/crosslinking agents and surface modifiers in adhesives, coatings, glass fibers, filler treatment, foundry, polymer modification, printing inks, rubber and elastomers, sealants, textiles, and thermoplastics.

Quality Control

Cincol is committed to continually enhancing our products and services through the implementation and maintenance of Quality Management Systems and Company standards. The quality of all Cincol products is continuously improved, measured, evaluated and validated for effectiveness both internally and externally. We believe that the responsibility for achieving the company's quality commitments lies with every employee in the execution of their jobs and in their relationship with our clients.

Environment and Safety

Sustainability is an essential part of Cincol's culture and an integral part of our strategic plans. We know that our success is directly linked to implementing and executing a broad range of sustainable practices. Through technological innovation, environmental impact planning, safety initiatives and community relations activities, Cincol understands that how we conduct business is of equal importance to our results. Eco-sustainability guides every aspect of our daily activities and is the key to our continued success.

Cincol's commitment to quality is the foundation of our Quality Policy!

Customer Service

In a marketplace where too many products and services are chasing too little demand, it's never been more essential to attract and retain customers. At Cincol, our customers are our number one priority. We enable our customers to choose the products that best suits their needs and preferences while reducing the cost of operations. We seek to exceed our customer expectations by providing excellent products and service while integrating robust management structures to continuously improve our performance.
