

Position Title: Certified Medical Coder

Status: Contract

FLSA: -

Reports to: VP of Medical Coding

Location: Anywhere in the United States

Company Overview: Health Data Vision, Inc., is a fast growing tech company that provides a SaaS-based healthcare analytics platform for medical records analysis and targeted solutions for HEDIS® Hybrid, Medicare and Exchange Risk Adjustment and comprehensive, year-round clinical data analysis efforts as well as RADV Audits. The platform provides flexible scalable workflows and automation for medical records-intensive project needs of health plans in the United States.

Job Summary: The Medical Coder is responsible for the review of Inpatient and Out Patient medical records for appropriate diagnosis coding.

Responsibilities Include:

- Reviewing and coding of medical records to capture appropriately documented diagnoses for CMS and/or HHS submission
- Applying appropriate codes to indicate any issues with the documented diagnoses

Preferred Skills:

- Ability to adapt to constantly changing priorities in managing a wide range of projects.
- Must be able to work independently and in a team environment
- Excellent written, communication and presentation skills with the ability to explain and write complex information.

Required Experience / Education:

- Certification from either AAPC or AHIMA
- Experience in HCC coding

Interested Candidates should send a resume to: careers@healthdatavision.com
