

# LTO Ecology Pack

Environmentally Friendly by Eliminating the Plastic Cases

Standard Pack

Ecology Pack without Plastic Case

**X** Not Environmentally Friendly

20 TAPES IN ONE ECOLOGY PACK

**x 20** PCS  
(5 Tapes x 4 Packs)

**✓** Environmentally Friendly without Excess Packaging

## Features of the Ecology Pack

Total CO<sub>2</sub> emission can be reduced with this simple packaging.\*  
\*COMPARING ONLY PACKAGING

Disposal costs can be reduced due to less packaging materials.

Loading the tape will be easier without the plastic case.

Space has been reduced by 30%.\*  
\*COMPARING WITH OUR STANDARD PRODUCTS

# Simple and Strong Packaging

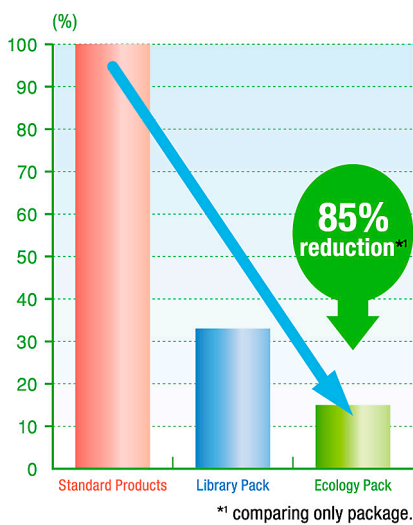

Ecology Pack with carton pad and instruction sheet

Plastic bags prevent dust from entering the tapes and makes the tapes easier to take out.

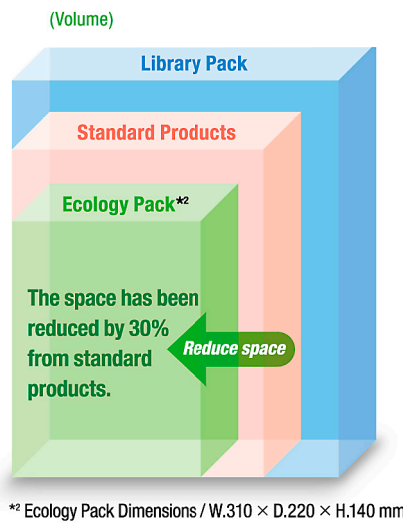

Thanks to the shock-absorbing materials the Ecology Pack has passed standard drop/ship tests.

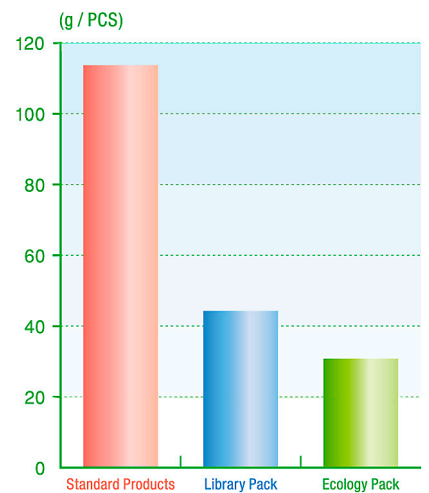

## Reduction of CO<sub>2</sub> Emission

## Reduction of Space

## Reduction of Package Materials
