About Zuora

Zuora's Relationship Business Management (RBM) solution helps enable businesses in any industry to launch or shift products to subscription, implement new pay-as-you-go pricing and packaging models, gain new insights into subscriber behavior, open new revenue streams, and disrupt market segments to gain competitive advantage. Headquartered in Silicon Valley, Zuora also operates offices in Atlanta, Boston, San Francisco, London, Paris, Munich, Beijing, Sydney, Tokyo, Amsterdam, Vienna, Copenhagen and Stockholm. Zuora clients come from a wide range of industries, including media, travel services, consumer packaged goods, cloud services, and telecommunications. Clients include Financial Times, Schneider Electric, Box, Honeywell, NCR, RTL, The Guardian, YP.com, BlueJeans, Shutterstock, TripAdvisor and Vivint.

Scalable, secure and reliable

Whatever your expansion strategy, a secure technology backbone allows you to grow with confidence. State-of-the-art data centers across the globe are readily available for you to plug into. We ensure optimal performance, security and uptime even during seasonal peaks, so you can focus your resources on your strategic initiatives.

Creating value together

- Powerhouse of recurring billing / integrated solution to manage your billing E2E.
- Ease of entry into foreign markets / joint expertise in global payment processing.
- Collaborative industry experts / with joint goals of establishing the best solution to meet merchants' requirements.
- Understanding of business challenges and opportunities / in media, insurance & digital goods transactions and payment processing, across multiple business models.

Superior growth, superior economics

Launch new sites faster, across channels, geographies and brands without purchasing additional licenses and investing in more infrastructures to support your growth. Our pricing model is predictable, transparent and aligned to your business goals. This keeps us focused and accountable to your ongoing success. There are no hidden fees. No surprises. With a total cost of ownership that is half the cost of licensed software, the superior economics are clear.
