

**PIERCE PARTS & SERVICE**

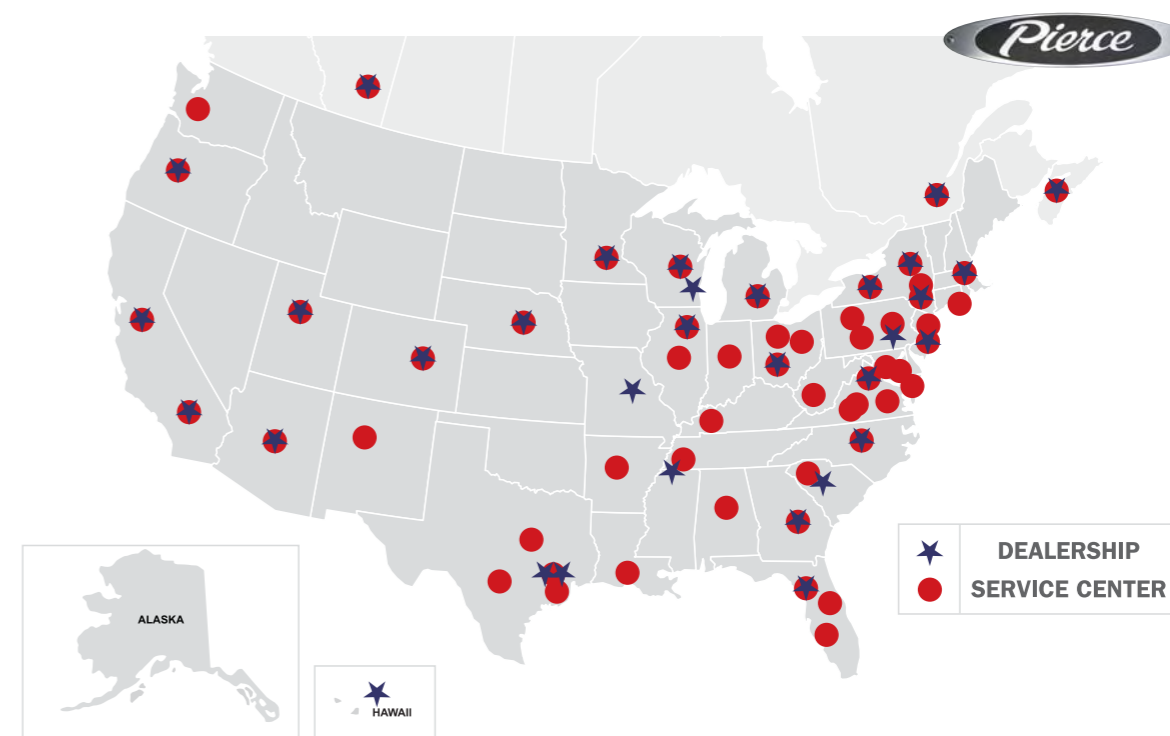

## Stay out in front.

Getting to or working the fire scene isn't the time or place to discover maintenance issues. Stay ahead of potential problems by depending on your Pierce dealership for routine preventative maintenance and service. These single-source experts will keep your apparatus on top of maintenance schedules, NFPA compliancy and warranty issues. With Pierce-trained technicians and 24/7 service, your Pierce dealer is always available with the support you need. Only certified-Pierce dealers can offer warranty support on Pierce apparatus.\*

### Pierce Dealer Sales and Service Network

**Pierce® Parts.  
Performance is Everything.**

*Parts decisions are critical. They directly affect the performance of your apparatus and the effectiveness of your fire fighting effort. More and more fire departments insist on using genuine Pierce parts in all of their vehicles. The reliability and performance of Pierce aftermarket parts and accessories, backed by OEM-limited warranties, will help you avoid costly compromises in the long-run. And a quality service and maintenance program begins with Pierce dealerships. To get the performance advantages of Pierce Parts and Service, contact your Pierce dealer.*

## Dealership Performance.

Pierce dealers are your single-source experts for parts ordering, training, warranties and aftermarket service. Their commitment to your performance is as legendary as the trucks they sell.

Pierce performance extends beyond the apparatus to include service, parts and warranties. We back every Pierce product with the strongest dealer sales and service support network across the U.S. and Canada, as well as the most knowledgeable reps in the industry. Pierce dealers are there for you, 24/7/365.

## Parts Central.

### STORING IT.

Pierce has a dedicated parts warehouse and staff to guarantee fast shipping and turnaround. If your Pierce dealer doesn't already have your part in stock, they can get an order direct from Pierce that day. Pierce is committed to stocking the parts that keep you up and running, to get you to and from the scene.

### CUSTOMIZING IT.

If you want it or can dream it, Pierce can build it. Our history and reputation for customization in the fire industry is second to none. For shelving, tool boards, new doors and just about anything else you can imagine, rely on Pierce to get you what you need when you need it.

### FABRICATING IT.

If a part is not readily available, we'll make it. And we'll provide this service whether your apparatus was manufactured by Pierce or anyone else. So if you have a Pierce custom product that needs refurbishment or if you want a custom-designed component to help you do your job better or safer, your Pierce dealer is just a phone call away.

### PROTECTING IT.

Many of our industry leading safety innovations are available as aftermarket parts. Pierce tire blowout protection bands, VLH caps, luminescent rung covers and folding steps, hands-free SCBA holders and a host of others let you transform your apparatus into a safer, more efficient truck.

**NEW!**

## PIERCE HANDS-FREE SCBA HOLDER

*Inertia-activated hands-free SCBA holders provide easy walk-away operation without the hassle of levers or straps.*

*Designed for walk-away use, the Pierce® exclusive hands-free SCBA bracket\* is simpler, quicker and safer. Inertia locks the bottle in place – without the use of straps or levers. You get to the fight faster because the bottle is released – quickly and easily – when you pull it from the holder. Resistant up to 30G, the bracket provides extra safety and security. The hands-free SCBA bracket can be retrofitted into many existing seats and is only available through your certified Pierce dealer. The hands-free brackets set a new safety standard among seating solutions available in fire trucks.*

\* SCBA bracket developed with LifeGuard Technologies, a division of IMML.

## Making It Like New.

The experts at Pierce Regional Service Facilities are the industry's most knowledgeable and most thorough in the industry. CAD designers, parts specialists, floor engineers, welders and painters. Most have cut their teeth building Pierce trucks. Simply put, they can repair anything. Including non-Pierce apparatus. This expertise can save you significant dollars over a new apparatus. For example, a refurbished aerial can save you 60% off the cost of a new aerial — there's more than one way to be a hero in your community.

- Accident repairs (from minor to rollovers)
- Aerial overhauls
- Routine preventative maintenance
- Modifications
- Aftermarket repairs
- Glider kits (engine and transmission) and Pierce cab remounts on other apparatus
- Retrofit: TAK-4® independent front suspension, CAFS foam systems, Side Roll Protection system, ANNEX-D ('91 NFPA standards)

Call your Pierce dealership for more details.

# Safety Products

You're always looking out for others. With Pierce 360° Protection From Every Angle™ it's nice to know someone is looking out for you. That's why we're proud to offer our industry leading safety innovations to you as aftermarket products. From bumper to bumper and everything in between you can count on Pierce Parts to help keep you safe to, from and at the scene.

## LUMINESCENT RUNG COVERS

Pierce exclusive luminescent rung covers create a clear path to ascend and descend aerial devices, and the illuminations lasts for up to 12 hours.

## VLH CAPS

Pierce exclusive VLH caps are self-venting to help reduce injuries caused by inadvertent pressure release. Grooves perpendicular to the thread allow excess pressure to escape as the cap is loosened.

## LOCK OUT / TAG OUT STEERING WHEEL COVER

### WHEEL CHOCKS

Advance safety for your maintenance crew. Protect your technicians while they protect your fleet.

Find out more about Pierce 360° Protection From Every Angle™ by contacting your Pierce sales representative or visit [www.piercemfg.com](http://www.piercemfg.com)

## TIRE BLOWOUT PROTECTION BAND

The Pierce® tire blowout protection band keeps the tire on the wheel, giving apparatus drivers control after a blowout and allowing them to get to their destination. The band can be installed on new or existing vehicles, including fire apparatus, ambulances, and homeland security and law enforcement vehicles. The tire blowout protection band works on any driving surface — wet, dry, rain, snow.

## HANDRAIL KITS

Whether you need a replacement or simply need to add a rail for increased safety, the handrail kits offered by Pierce allow you to add handrails any time you want.

## TIRE PRESSURE MONITORING SYSTEM

Sensors monitor tire pressure and temperature.

### Proper tire inflation reduces:

- Maintenance downtime
- Fuel costs
- Tire and tread wear
- Tire blowouts and tread separation
- Tandem axle tire wear

## STANDARD STEP AND LUMINESCENT FOLDING STEP

Take another step towards safety. Custom or standard, your Pierce dealer has them.

## Upgrades

From custom graphics and lighting packages to field installation of our Husky® foam system, Pierce has the upgrades you want. Whether you want to just make a few enhancements to your truck, or you want something that simply wasn't available when you took delivery of your apparatus, Pierce can work with you to fit your needs.

## Maintenance

It's no secret that truck and fleet maintenance keeps trucks running safely and ready for the next call. And unfortunately sometimes the local hardware store just won't do. That's why you can trust Pierce to have thousands of genuine parts so you can get the real gear that was designed for your apparatus.

### GRAPHICS

**LIGHTING PACKAGES**  
**CAB GRILLE GRAPHICS PACKAGES**  
**COMMAND ZONE™ DISPLAY KITS**  
**STRIPING PACKAGES / CUSTOM OR BULK STOCK**

- Hardware kits
- HVAC components
- Mirror replacement kits
- Touchup paint
- Rollup door kits

## Custom Fabrications

Pierce is synonymous with customization. In fact, once a truck is built there's no reason why you can't continue to add to it. Put the tools you depend on where you need them. Pierce Parts has numerous kits to accommodate your shelving and tool board needs. And if your needs are a bit more unique – we'll engineer it and build it for you.

**TOOL BOARD KITS / PACKAGES**  
**EQUIPMENT MOUNTING BRACKETS**  
**CUSTOM TOOL BOARD LAYOUT**  
**SHELVING**
