

SITE VISIT & INTERVIEW CONFIRMATION

Please contact a neurodiagnostic laboratory in your area to arrange a site visit. Arrangements may be made in collaboration with the program chairperson. It is ideal to arrange a time to include patient testing. The College realizes this may not be possible. It is required that you shadow/interview a neurodiagnostic technologist in an EEG laboratory for a minimum of four hours. Professional attire is required.

Name of applicant: \_\_\_\_\_

Date of clinical visit: \_\_\_\_ / \_\_\_\_ / \_\_\_\_

Name & location of visit: \_\_\_\_\_

Supervisor: \_\_\_\_\_  
Print Name Title

Signature of Supervisor: \_\_\_\_\_
