

Advanced Replacement Warranty

A value-added overnight replacement service for mission-critical surveillance needs.

When there is a problem with a surveillance appliance, security leaders need to act quickly. As a supplement to Razberi's standard warranty, there is an option for Razberi Advanced Replacement Warranty. It provides guaranteed overnight delivery of a replacement unit when it's needed. It allows for immediate action to get back up and running as soon as possible and provides peace of mind.

FEATURES:

- Overnight shipment for replacement of defective unit
- Available in 48 contiguous United States
- Three and five year terms overlap with first 90 days of standard warranty
- Available within 90 days of appliance purchase
- Includes ground return label for defective unit

Additional Details:

- Subject to fulfillment with new or refurbished stock (as available)
- Not currently available in Mexico, Canada or UK
- Requires RMA from Razberi Technical Support
