

IN-APPLICATION CONTEXTUAL SUPPORT FOR AUTOCAD, REVIT AND INVENTOR

The CADLearning Plugin provides on-the-spot solutions, eliminating workflow interruptions for maximum productivity.

The CADLearning Plugin provides true performance support for users of Autodesk AutoCAD, Revit and Inventor titles.

Easily launched from the Add-ins tab of your Autodesk application, the CADLearning Plugin puts the entire CADLearning library of Autodesk content at your fingertips. When you need help, the Plugin already knows what features you're using and presents a palette of video tutorials and resources, all relevant to the exact function you're performing. You can also browse and search through the extensive CADLearning video library right from your software for quick answers to all of your Autodesk application questions.

THE CADLEARNING PLUGIN IS COMPATIBLE WITH:

- AutoCAD
- AutoCAD Architecture
- AutoCAD Civil 3D
- AutoCAD Electrical
- AutoCAD Map 3D
- AutoCAD Mechanical
- AutoCAD MEP
- AutoCAD P&ID
- AutoCAD Plant 3D
- Inventor
- Inventor Professional
- Revit

The CADLearning Plugin is available **for FREE** with any CADLearning subscription. [Click Here](#) to get yours today and experience a new level of productivity.
