SYDNEY MELBOURNE BRISBANE

SENIOR INTERIOR DESIGNER – SYDNEY & MELBOURNE

- **Corporate Real Estate and Interior Architecture Services Sector**
- **Be part of our growth and success**
- **Work with leading corporate organisations**

As a market leader in delivering integrated property and workplace solutions to leading organisations in Australasia and South East Asia, we pride ourselves on our award winning creative abilities and fostering excellence in design and project / construction management.

We are seeking Senior Interior Designers to join our design studios in Sydney & Melbourne. Your role will be to promote the company and its services in a professional manner at all times whilst ensuring a creative and effective solution is delivered on each project.

The successful candidates will need to demonstrate experience in client service, above average communication skills, a collaborative style of working in concert with excellent design and documentation skills. Highly developed skills and experience in conducting strategic workplace briefing and design solutions which are responsive to and enable new and improved ways of working. Experience working with AutoCAD, Google Sketch-up and Microsoft office is required and the ability to produce free hand sketches. Formal qualifications in Interior Design or Architecture are a requisite.

Specific skills required include -

- Client Liaison
- Extensive Experience in professional and commercial workplace projects
- Strategic workplace briefing
- Strong Space Planning & Concept design skills
- Demonstrate Strong Team Leadership skills
- Design Documentation and Detailing
- Preparedness to participate in business development and client pitch process

This is a career position with a good mix of business and pleasure in a talented multi-disciplinary team.
