PR100I PRINT AND PLACE SYSTEM

The PR100i is a highly advanced print-and-place system designed for challenging label requirements. High resolution (600 dpi) print quality is combined with a unique patent-pending retracting peel plate for precise label/part placement.

The PR100i is ideal for:
> Small labels
> Accurately placing single- or double-sided die-cut parts in a range of sizes and irregular shapes
> Tight placement requirements, including applications in:
>> • Manufacturing
>> • Medical device
>> • Pharmaceutical
>> • Automotive
>> • Electronics

Features:
> High print quality - 600 dpi
> Thermal transfer printing system
> Accurate placement ± 0.35 mm (± 0.015")
> Patent pending peel technology
> Label sizes from 4 mm (0.16") to 100 mm (4")

PLACE YOUR LABEL WHERE YOU WANT IT

Come to us with your print & place requirements. We provide automation and labels customized to meet your exact needs.

LOOK TO US FOR ALL YOUR LABELING SOLUTIONS.

We work closely with you to provide the right labels to meet all your requirements. And not just the right labels, but everything for your labeling needs. From labels to printers, and scanners to ribbons, cleaning kits and label designs, Computype offers this and everything in between.

WE'D LOVE TO HEAR FROM YOU.

Please feel free to contact us directly, or your Regional Sales Manager, if you have any questions about any of our services or capabilities, or for more details on cab label printers and our blank label stock program.
