AUTOMATIC LABELING OF DIFFERENT SIZED TUBES

PR100i WITH TUBE PRO

The PR100i with Tube Pro offers an automatic solution to hand labeling cylindrical objects like tubes and vials. It becomes even more helpful when you're working with many containers of different shapes and sizes.

Reliably and repeatedly print, apply, and wrap even the smallest of labels to your lab's tubes and vials. Accommodating a range of tube sizes, the PR100i with Tube Pro allows for easy change-out of the rollers for on-the-fly flexibility to label different containers. With no tools needed, your labeling process has never been so seamless or efficient.
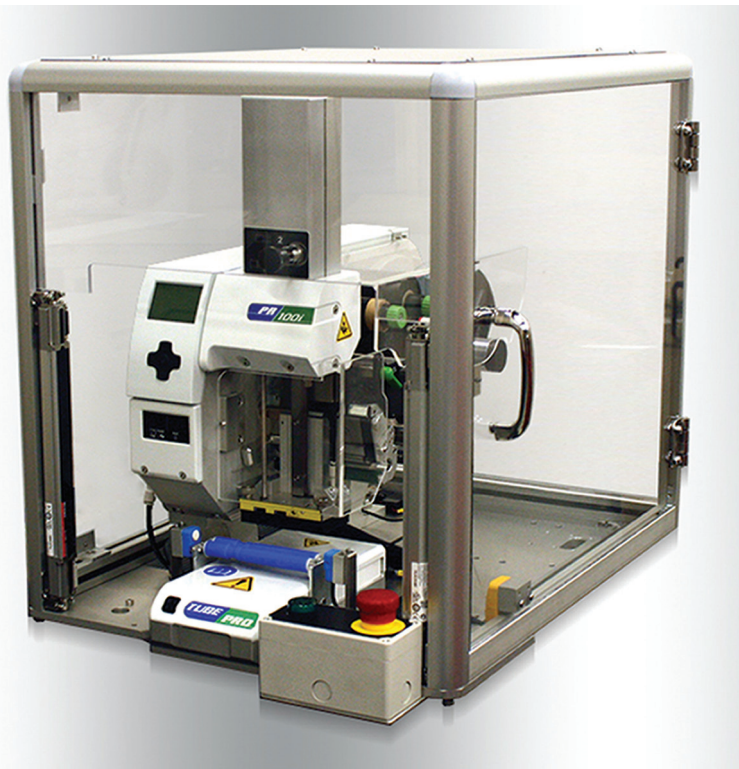

Features:

> Ability to handle tube and vial sizes from 6 mm to 50 mm outside diameter

> Flexibility for capped or uncapped; glass or plastic

> Label sizes from 6 mm x 6 mm to 100 mm x 100 mm

> Placement accuracy: ± 0.2 mm

> Linear or 2 D codes

> Up to 900 tubes/hour

> Roller sets are configured for a specific tube type and interchange in seconds so you can handle tube size changes almost instantly

> Many Interface Options:
  - Wireless LAN
  - WiFi
  - Compact Flash Memory Card
  - Ethernet
  - USB
  - RS232

FOR EVEN MORE EFFICIENCY AND EXTRA SAFETY

PR100i WITH TUBE PRO AND LIGHT CURTAIN

For added efficiency and extra safety, add the Light Curtain to your PR100i with Tube Pro. Fully enclosed, this automation addition ensures security as the operation to print and apply the label is activated only by the exit of the operator's hands from the device. Combined with the option to label two like tubes, side by side, simultaneously on the same roller set, what results is the ultimate in safety and productivity.

FAST, EASY, ACCURATE AND VERSATILE

The PR100i with TubePro Accessory is a turnkey system that accommodates the automatic printing and applying of a variety of label sizes and shapes to a variety of tube types. Changeover is quick and easy, maximizing throughput and minimizing processing downtime. Tube Pro = Quality, speed and simplicity for tube and vial labeling.
