IMAGE ONE Achieves Spot On Inc. 5,000 List of Fastest-Growing Companies

OAK PARK, MICHIGAN -- IMAGE ONE (www.imageonecorp.com) announced it was named to Inc. Magazine's 2007 Inc. 5000 List of Fastest-Growing Companies. According to Inc. reviewers, these entrepreneurial companies represent the backbone of the US economy. IMAGE ONE, a leading printer supply and repair company headquartered in Michigan and Ohio, made its debut on the Inc. 5000 list, making it among the fastest growing privately held companies in the country.

"IMAGE ONE was founded on a strong entrepreneurial spirit, and we are pleased that the strategic growth we have achieved is being recognized by Inc. 5000," said Joel Pearlman, CEO, IMAGE ONE. "We are especially proud that we have achieved our growth through continued industry innovation, an exceptional team of professionals, and unparalleled customer care and support."

Experiencing noteworthy growth since its beginning, IMAGE ONE built their brand around a Four Hours or Free® service guarantee and a focus on providing simplified and superior corporate printer care. For more than 10 years, they have helped companies streamline their printing environments by giving them tools needed to calculate spending, increase productivity and reduce ownership costs. With the simple approach they are known for, IMAGE ONE creates customized supply, equipment and repair solutions using their proprietary problem-solving approach to help companies reduce printer expense and maximize efficiency.

The 2007 Inc. 5000 list measured revenue growth from 2003 through 2006. To qualify, companies had to be U.S.-based and privately held, independent – not subsidiaries or divisions of other companies – as of December 31, 2006, and have had at least \$200,000 in revenue in 2003, and \$2 million in 2006. Leading the list of the fastest-growing companies in the nation is the Midwest region with 1,046 of the fastest-growing companies.
