

RG11 Compression Connectors

FS11BNC Specification Sheet

For professional installers seeking a solution for RG11 cable terminations, PPC provides a unique, one-piece BNC compression connector for RG11 cable.

RG11 BNC Connector: FS11BNC

The FS11BNC connector series utilizes TRUE 360° compression technology and is engineered with an internal compression ring to permanently seal the connector around the cable jacket.

Features:

- TRUE 360° Compression Technology
- One-Piece Design Simplifies the Installation Process
- The FS11BNC connector (Universal 60% Through Quad-Shield) Delivers Flawless Analog and Digital RF Communications

Recommended Installation Tools:

CPLCCT-11BNC

Linear Compliant Compression Tool

- No Adjustments Required
- Self-Adjusting Plunger Head Provides Constant Compression Digital RF Communications

PS11

Cable Strip Tool

- Preps RG11 Cable
- Heavy Duty Spring
- Patented Cable Stop Creates Perfect 1/4"-1/4" Cable Prep
