

CAD Re-draw

Reduce risk to operator safety and return to uptime faster with up-to-date electrical drawings

Book our re-draw service and receive the first 10 pages at 50% off!

Price Guide

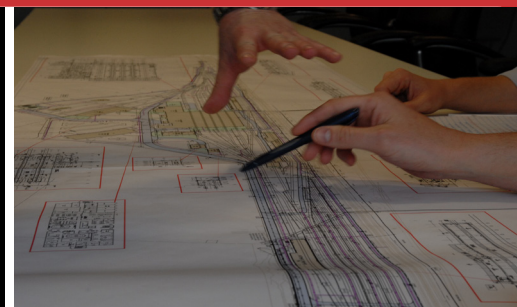

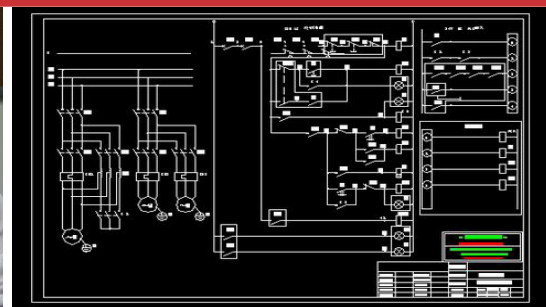

- Mark ups to native CAD files
\$30 per page
- Mark ups to PDF Files
\$50 per page

Outdated and poorly maintained drawings place businesses at significant risk – risk to the safety of maintenance personnel and risk of lengthy downtime should machines fail.

Let SAGE Automation reduce your risk by updating your electrical drawings.

Simply upload your files via our website and we'll contact you within two business days with a firm price.

Visit www.gotoSAGE.com or call 1800 724 373.

CAD Re-draw Service:

1. Client provides electrical drawings as CAD files, PDF or hard copy, including mark-ups via SAGE online upload facility at gotoSAGE.com
2. SAGE Automation provides price to update files
3. SAGE Automation updates or re-draws the documents
4. SAGE Automation provides both hard-copy and electronic documents to client and retains a copy, providing you with additional back up.

SAGE Automation also provides a full suite of industrial electrical drafting solutions including:

- Comprehensive drawing audits
- On-site wire tracing and reverse engineering
- Electrical Schematics
- Safety Control Circuits
- Network Overviews
- PLC I/O connection diagrams
- Cabinet general arrangement diagrams
- Field cable termination schedules
- Single line power distribution diagrams
- Cable block diagrams and schedules
- Terminal strip layouts
- Bill of materials (BOM)

"Up to date electrical drawings are key in enabling the safe isolation of electrical circuits to identify and rectify problems in the field fast."

SAGE Automation Service Manager, David Harding

Benefits of the SAGE CAD re-draw service

- Faster return to uptime following equipment fault, breakdown or repairs
- Drawings are produced according to your specifications using our high level quality assurance processes and industry best practice
- Increased ease of retrieval and distribution of documents – easily uploaded to your Document Management System – no more lost files!
- Free up office space from hard copy documentation
- Fast turn-around and cost effective
- Free up your staff to work on high value tasks
