### **Retail Management Solutions and Maple Mountain Pharmacy Donate \$1,500 to Local Elementary School for New Technology**

Lacey, Wash. – Retail Management Solutions (RMS), a provider of [pharmacy point-of-sale software](#), hardware, and training solutions, recently awarded a \$1,500 cash prize to Maple Mountain Pharmacy at the 2016 Independent Pharmacy Business Growth Super-Conference in Orlando, FL.

Vendors attending the trade show were encouraged to raffle off a gift worth at least \$100 and since 2014 RMS has committed to awarding a substantial cash prize that's to be donated to the winner's local school of choice.

"Most companies choose prizes that are electronics or gift cards, but we wanted to give back to the community since our core market is local independent pharmacies," said Mike Gross, Vice President of Sales and Marketing, Retail Management Solutions.

Bob Barker, the winner of the 2016 raffle and the owner of Maple Mountain Pharmacy, a Mapleton, Utah-based independent pharmacy, chose to donate his \$1,500 cash prize to Maple Ridge Elementary, a school that's located just one mile away from his store.

"As a locally owned and operated business, we firmly believe that when the community bands together, we can all grow, learn and create a better society," explained Barker. "It's our vision that Maple Ridge Elementary will use the donation to buy new technology that will continue to support the high-quality education available to the future business owners and leaders of Mapleton."

"This annual raffle is a way for RMS to give back to the pharmacy community, as well as help the winner, Maple Mountain Pharmacy, make an impact in the neighborhood they serve," said Gross. "It's a win-win for all involved."

#### **About Retail Management Solutions**

Retail Management Solutions is the industry leader in pharmacy point of sale technology for retail and outpatient pharmacies. Having installed more POS systems in the independent and outpatient pharmacy market than any other company, RMS has become the industry standard.

RMS is proud to be the only point-of-sale provider in the nation that focuses strictly on the pharmacy market. Because of this singular focus, and the fact that the owner and CEO grew up working in his father's pharmacy, RMS continues to develop pharmacy POS software and hardware capabilities for pharmacies only. RMS was the first to market with electronic signature capture for HIPAA signature compliance, and was the first to market with a fully capable, mobile point-of-sale device, EvolutionPOS, for the pharmacy market. These are just a few examples of how RMS will continue this dedication to improving pharmacy efficiency, growth, and profitability. Everything RMS does can be measured by their mission statement, "Making our clients the most profitable and customer-centric in the industry."
