Providing hospitals with a **roadmap to higher workforce performance and satisfaction**, and the resources to successfully execute.

Comprehensive Scope of Strategic Workforce Solutions

Advisory Services

Leveraging our recognized hospital operator expertise, our advisory services take a data-rich approach to identifying areas for workforce optimization. Measured against financial and operational benchmarking data from the most productive hospitals of all types and sizes, HealthTrust consultants use analytics and proven methodologies to design smarter workforce staffing and performance solutions.

Managed Service Provider (MSP)

As the largest vendor-neutral MSP provider in the healthcare industry, our program delivers end-to-end management of vendor and contingent labor engagement — ensuring consistent quality, cost effectiveness, reporting and visibility enterprise-wide.

Staffing and Recruiting Services

With the help of skilled recruiters, leading sourcing technologies and our nationwide presence, we provide our partners with qualified clinical and non-clinical professionals including:

- Travel & Per Diem Nursing
- Locum Tenens
- Physician Search
- Permanent Placement
- Interim Executive Leadership
- International Nursing

Educational Services

Through our innovative StaRN training program, we provide thousands of nurse graduates each year with the hands-on training and mentorship needed to fill critical nursing vacancies with our hospital partners — providing access to well-trained nurses, bridging the nursing shortage gap and improving nurse satisfaction and retention.

Credentialing Management

Partners who outsource their employee and dependent healthcare provider credentialing management to us enjoy the highest level of hands-on credential verification — ensuring patient safety while reducing risk and enhancing facility security.
