

School's Out, We're In Packing List

Welcome to Camp Pecometh!

School's Out, We're In—or as we affectionately call it, SOWI—is a great option for those days when the kids are off school but parents and caretakers still have to work. Following the Queen Anne's County school calendar, the SOWI day camp program is a place for children to meet new friends while participating in outdoor play, arts & crafts, and other engaging activities with summer-camp trained staff.

Please note that campers are required to submit a new health form *each calendar year* and when health form information has changed. If this is your camper's first program with us this calendar year, download the Camper Health Form and bring the completed form with you to check in. Campers will not be permitted to stay without a completed health form.
