

Camp Registration Guide

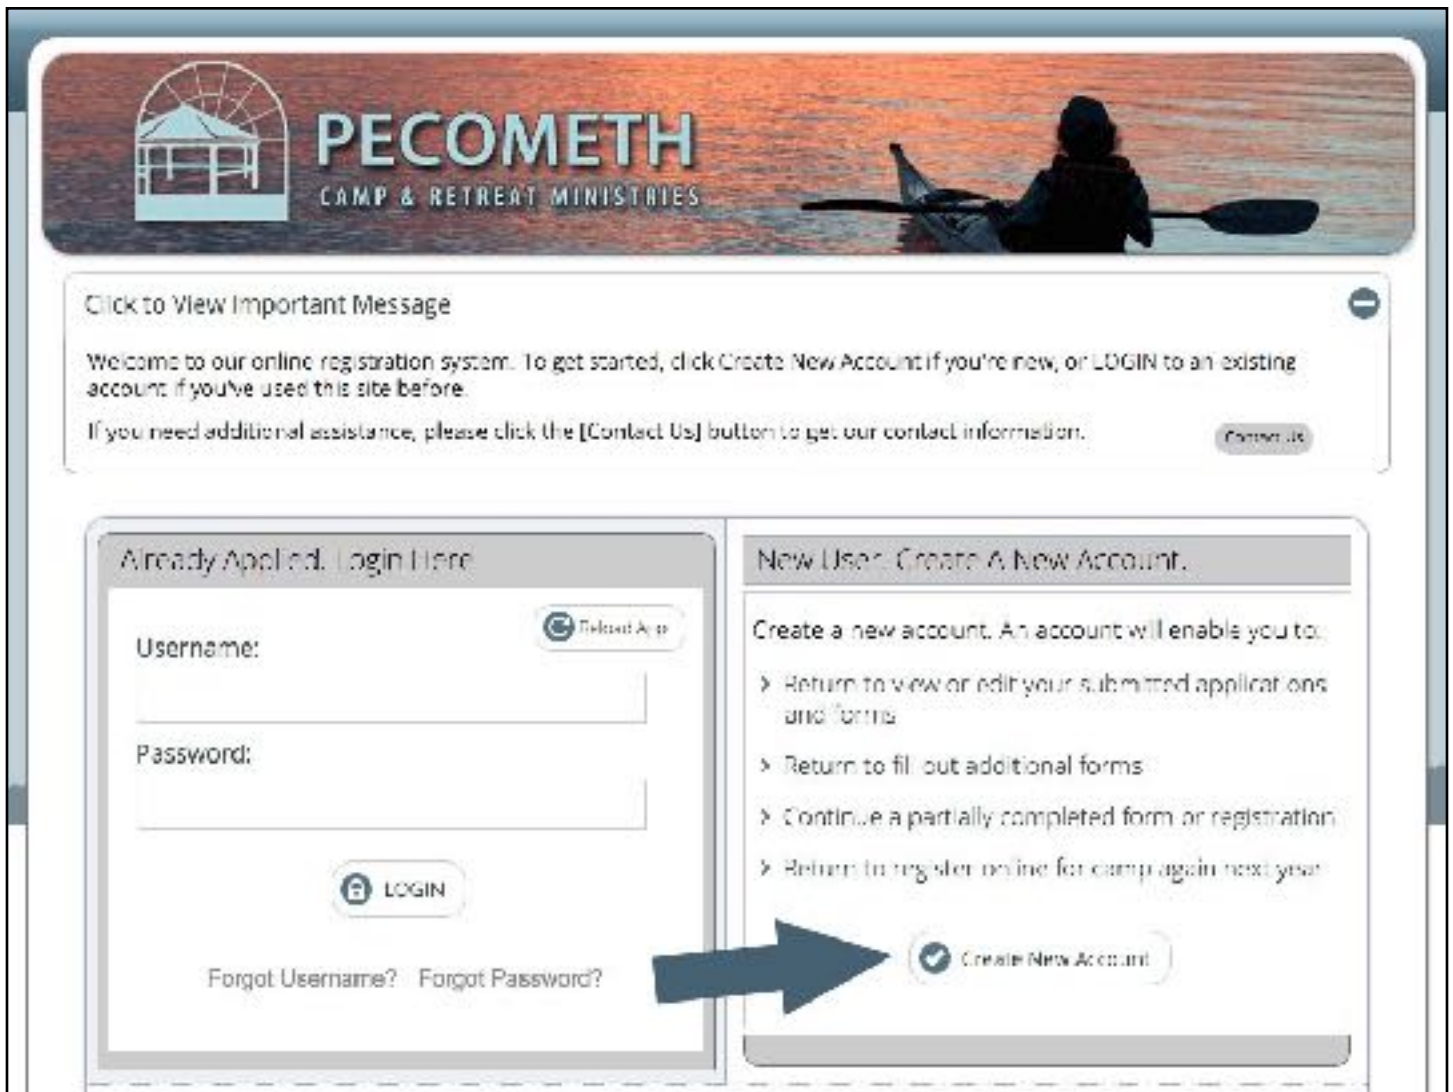

Pecometh is switching to a new registration system this year, so we created a step-by-step guide to walk our camper families through the registration process and some of the helpful features.

To get started, go to www.pecometh.org/registration

Step 1: Create a new account

Because this is a new system, **every user must create a new account.**

The upside: This one account is all you need to register for programs, manage health forms and medications, make payments, and access camper photos and email!

To get started, **Click Create New Account** in the righthand box.

Enter your information and **create a user name and password**. This will allow you to log back in to manage your account and make payments.

Click to View Important Message 

Welcome to our online registration system. To get started, create an account. The information you provide below is to create a LOGIN and is not the Participant information. You will be ask for Participant information once you click NEXT.

Two things to remember:
1. All required fields will have a red asterisk
2. Data in other fields is optional but welcomed

If you need additional assistance, please click the [Contact Us] button to get our contact information. [Contact Us](#)
