

## New Products for 2016

### Stainless Steel Collection

To enhance our Mogogo offering, we now have three new, versatile stainless steel tabletop solutions, giving you the ability to change your look as needed. If you already have one of our stations, simply order the stainless steel top that fits your needs and swap it with the existing bamboo top. Just like that, you now have a new station with the twist of a few screws!

### Customized Printed Covers

Mogogo now offers custom color covers with your logo or desired décor. These durable PVC covers with UV printing are a great way to compliment the design of your space or proudly display your logo.

These additional colors and patterns are available by special order:

Add your logo to any of the standard PVC colors

Personalize the covers with your own design to match an existing interior decor or theme
