Hand Slicers

These compact slicers provide safe and speedy slicing of fruits and vegetables in both directions at an economical price. Blades are constructed from cutlery steel for an incredibly sharp cutting edge.

- 1 Sharp double-edged blade slices food quickly in both directions
- 2 Transparent body allows you to see how much volume you have sliced
- 3 Rubberized handle provides secure and comfortable grip
- 4 Non-slip feet prevent movement while slicing
- 5 Integral hooks hold on to vessels, allowing direct slicing into containers
- 6 Protective hand guard for secure sliding action while keeping hands away from the blades. The spikes grip the food firmly and securely. Hand guard opens for use with vertical slice foods, such as carrots, cucumbers, and zucchini. Functions as a blade cover for safe storage when not in use
