

# Database Developer

Blue Margin, Inc. helps companies improve their business performance using Microsoft's Business Intelligence stack (including Power BI and SQL Server) and Cloud Computing software and services (Azure and Office 365).

We are looking for a candidate who is a team player, who enjoys creative solution development, systems configuration, and client interaction. You must be well-versed in the Microsoft technology stack and be eager to learn and grow both personally and professionally.

For this position, our IDEAL candidate will possess the following:

- Ability to construct data warehouses
- SQL Server expertise
- SSIS expertise
- Experience with SSAS, SSRS, Tabular, and Tabular Data Models
- Comfortable and skilled at interacting with senior level executives
- Broad business experience with proficient ability to talk to execs in business terms
- Professional demeanor
- 

## WORK ACTIVITY:

- 20% Client interaction (by phone, video conference, and occasionally on-site).
- 20% Solution-design.
- 20% Implementation of client systems.
- 20% Trouble-shooting technical issues.
- 20% Research and training on emerging technologies, preparing training materials, etc.

## OUR CULTURE:

Company Core Values: Honesty, Transparency, Efficiency, Generosity

Weekly personal and professional development programs for all

Teamwork -- we maintain company-wide interaction and communication

Entrepreneurism -- we've been in business 4 years, and want everyone on our team to be eager to adapt and evolve with our advancing business. We are looking for someone who is comfortable wearing many hats.

We're fanatical about delivering value. Our clients love us!

Blue Margin has an exceptional work environment. We believe in working hard and enjoying it along the way. Our growth means we're looking for creative, flexible people with great attitudes, who are fun to work with. It also means we provide an excellent opportunity for someone who is serious about learning and advancing their career.

We are seeking a candidate to work in our local office in Fort Collins. Please email your resume to Angela Tourney: [angela.tourney@bluemargin.com](mailto:angela.tourney@bluemargin.com).
