

# Superior Store Fixture Veneers

to Impress

ARCHITECTURAL  
FOREST PRODUCTS

Make a statement in any retail environment with AFP quality veneered products. For more than 25 years, AFP has supplied the store fixture industry with superior veneered products that reflect exceptional industry leading standards. Our world-class expertise allows us to produce veneered products that complement and complete some of the world's most exclusive and luxurious retail environments. In fact, AFP's quality craftsmanship is on display in some of the world's most celebrated department stores, including Tiffany & Co., Bloomingdales and Neiman Marcus.

But that's just the beginning.

AFP understands the intricacies and complexities of the contract business and its demanding quality standards and schedule requirements. And that means our consistent high quality and lead-time reliability are second to none. From sophisticated boutiques to global discount chains, our custom and durable veneered products are ideal for display panels, tables, wood feature walls, and are available in designs that complement a variety of retail spaces.
