

TOWN & COUNTRY PLASTICS

Customized For Precision

10B Timber Lane, Marlboro, NJ 07746 • (732) 780-5300 • FAX: (732) 294-0001 • www.tandcplastics.com

January 2018

Material / Compliance / Testing Statement

All standard T&C tanks are cylindrical / rectangular in shape, they are flanged at the top and ship complete with connecting fittings, matching cover, gasketing and bolts. Only virgin polyolefin materials are used to make T&C tanks. All polyolefin materials used conform to ASTM material specifications D1248-70 for HDPE tanks and D4101 for PP tanks.

Standard HDPE tanks are black in color; while PP tanks are white / translucent. HDPE fittings are generally yellow in color and PP fitting are black.

All HDPE and PP tanks are rotationally molded and are seamless in construction.

All tanks are inspected, labeled and water tested before they leave our facility. If anyone has any further questions please don't hesitate to contact us.
