

Chempax Simplifies Reporting Capabilities for ChemSpec, Ltd.

Challenges

- Quickly and easily generate comprehensive reports.
- Improve operational efficiency and communication.
- Upgrade system without disruptions to business.

Benefits

- Achieved ability to quickly and easily create comprehensive reports for better business decision making.
- Quickly implemented a flexible and cost effective ERP solution that supports our future growth.
- Improved communication throughout organization.
- Better able to track and monitor our sales endeavors with the addition of Datacor's CRM offering eChempax.

"We recently completed a major internal accounting audit for our company. The ease of reporting and transferring large amounts of data electronically through Chempax has allowed us to accomplish this in a shorter amount of time and with less personnel. In the end, we saved time and money."
