DATA COR, INC. ANNOUNCES INTERAXIONS 2013 FEATURING KEYNOTE SPEAKER OLIN THOMPSON

Florham Park, N.J. – Apr. 2013 – Datacor Inc., the leading developer and provider of ERP software solutions for chemical distributors and manufacturers announces Interaxions 2013: Move to the Next Level with Chempax --19th Annual User Conference-- on May 15 – 17, 2013.

Interaxions is a three-day educational conference that strengthens and enhances the partnership between Datacor and its customers. Interaxions provide customers the opportunity to expand their knowledge of Chempax and eChempax products through in-depth training, business seminars and practical hands-on workshops. Attendees benefit from addressing industry-specific issues, networking with peers and Datacor staff, influencing product development and learning more about Datacor's products and services.

Delivering the keynote speech at Interaxions 2013 is Olin Thompson, a principal of Process ERP Partners. With over 40 years of experience as a corporate executive and consultant in the application of technology, Mr. Thompson will address the importance of utilizing the available features and functions of your ERP.

This year's conference will take place at the Hamilton Park Hotel & Conference Center in Florham Park, New Jersey, minutes away from Datacor headquarters. In addition to three days of educational classes, Interaxions 2013 also offers numerous opportunities for attendees to network with the Datacor

community. Social and network activities include a welcome gathering, cocktail party and dinner, patio lunches and bus trips to New York City. For more information on Interaxions 2013: Move to the Next Level with Chempax, visit the [Interaxions Website](#).

About Datacor:

Datacor, Inc., is recognized for practical software that enhances operations for more than 600 chemical process manufacturers and distributors. Datacor delivers fully integrated enterprise resource planning (ERP) and customer relationship management (CRM) solutions complete with installation, implementation, on-site training and continued support. Backed by over 30 years of experience in the chemical and process industries, Datacor creates advanced technology utilizing the Progress development tools to solve industry challenges, raise productivity and drive profitability. Chempax serves more than 10,000 users world-wide on a daily basis.
